十三、未正确安装螺旋桨或马达，因靠近或接触旋转中的马达或者螺旋桨而造成的自身或他方的人身伤害或财产损失，以及产生的法律责任由使用者自行承担。

十四、手机、电脑等自配终端电子设备性能欠佳、网络不畅，导致不能正常使用亿航操控软件，仍坚持飞行造成的自身或他方的人身伤害或财产损失，以及产生的法律责任由使用者自行承担。

十五、飞行器使用者未完全熟悉产品，强行尝试暴力飞行或违规飞行造成的自身或他方的人身伤害或财产损失，以及产生的法律责任由使用者自行承担。

DISCLAIMER

This product is intended for use by adults aged 18 or above with full capacity for civil conduct. Minors and adults who do not have full capacity for civil conduct should not use this product unless accompanied by guardians with full capacity for civil conduct or professionals with skills to independently operate aerial vehicles. Before using this product, the user must carefully read and comply with this Disclaimer and the GHOSTDRONE 2.0 LTE User Manual. Before using this product, the user must familiarize oneself with the functions of various components of this product, flight restrictions, emergency handling guidelines, and local laws and policies regarding aerial vehicles. The user is deemed to have acknowledged and accepted this Disclaimer in full upon starting to use this product. When using this product, the user or his/her guardian agrees to take full responsibility for the user's conducts and all consequences arising therefrom. The user agrees to use this product only for legitimate and safe purposes, and to abide by this Disclaimer and any policies or guidelines that may be issued by EHang.

Should personal injury or property damage (whether inflicted on the user or third parties) arise directly or indirectly under any of the following circumstances, the user shall bear the liability for compensation and legal responsibility, whereas EHang shall not bear any liability for compensation or legal responsibility:

1. where the user has not carefully read the GHOSTDRONE 2.0 LTE User Manual, this Disclaimer and product information and instructional videos available on the official website of EHang;
2. where the user operates the product in a poor physical or mental state, including but not limited to being under the influence of alcohol or narcotics, or feeling dizzy, fatigued or nauseated, or operates the product with blurry vision or obstructed views or under other conditions not suitable for the operation of aerial vehicles;
3. where the product is flying within areas or during times where flying activities are prohibited by state or local governments;
4. where the product is flying in magnetic or radio interference fields (such as areas surrounding radio and television towers, cellular stations, large-scale power equipment or high-voltage power lines), or in other interfered or obstructed areas not suitable for flying;
5. where the product is being operated on private property without authorization (in which case the user's legal responsibility shall include that for the invasion of privacy);
6. where the product is being operated in severe environments or under conditions not suitable for flying such as during strong wind, rain, tornadoes, hail or earthquake;
7. where the user fails to comply with local laws or regulations;
8. where the product is being operated despite low- battery warning or other unusual conditions not suitable for flying (including but not limited to, aging, excessive wear and tear, or other conditions resulted from extended use of the product that calls for its replacement);
9. where the product is being flown in violation of law or being used for invasion of privacy or terrorism;
10. where the injury or damage is caused by the user deliberately;
11. where the injury or damage is caused by the user's operational error or misjudgment;
12. where the user, without strictly following user guidelines or without EHang's authorization, disassembles, reassembles or remodels any EHang product, or uses any replacement component not manufactured by EHang;
13. where the user fails to correctly install the propellers or motors, and the injury or damage arises from the proximity to or contact with such propellers or motors;
14. where the product is being operated despite suboptimal performance of the user's mobile device or network connection hampering the normal functionality of the GHOSTDrone App; or
15. where the user is not completely familiar with the product and attempts to fly the product violently or against laws or regulations.
