Disclaimer

Before using G-BOX, please read the operating manual carefully and familiarize yourself with the operations, warnings and applications. EHang shall not bear any liability or responsibility of the damage of the G-BOX, the copter or any other related accessories or the accidents arised from improper use.

■Introduction

G-BOX is a wireless interface unit designed specifically for controlling and interfacing with the GHOSTDRONE. GHOSTDRONE 2.0 G-BOX is compatible with both Android and iOS system. Each GHOSTDRONE is paired with one G-BOX. The App cannot operate the GHOSTDRONE without a G-BOX. Please store the G-BOX appropriately. If G-BOX is missing, it will be necessary to replace a new G-BOX unit.

■Important Tip

Keep the G-BOX within your 3 meter's radius during flight
(We suggest keeping it in hand). If the G-BOX is not near
you, you may lose connection with the GHOSTDRONE.
Best communication can be acquired when G-BOX's main
antenna is pointing to the GHOSTDRONE.
